Let the heavens rejoice in the land we rein!  
Let the season drown with a mighty roar!  
Lay the trees on the forest to laugh at hands!  
Let the earth be filled with the glory of the lord!

REPEAT

All of creation, his holy complaining. The  
wonderful things he has done!  
There's joy with our nations!  
In wonderful nation for claiming the goodness  
of God!

The heavens I love are the plaining the splendor  
His power can not be denied!  
For all of creation in holy complaining that  
Jesus our lord heels alive

REPEAT FIRST LINE 3 TIMES
