Heartist - Tangled

I'm not broken, but my mind is wearing down,
And I'm not broken, but your love can't save me now.
String me out a foot above the ground.
Watching from above the clouds while I wait for you to
cut me down.
You swore with no fires in your eyes that you'd never
give me up. Well, all bets are off, all promises are lost.
The sound of silence could not pull me away,
I'll trade these memories of shame in hopes that you'll
still let me breathe.
Here I stand, an arms reach from the end.
Lost in the sound of empty words you never meant,
and things you wish you never said.
I found my home, and it was in me all along,
the words you spoke have made me strong, but hope
was in me all along.
Feel me out, like footsteps in the crowd.
Tangled up, can't make a sound. If I begged you would
you let me out?
Slipping in, slowly, in my skin,
I won't let you pull me down.
'Cause when the flood waters reach, I'll turn my back
while you drown.
The sound of silence could not pull me away,
I'll trade these memories of shame in hopes that you'll
still let me breathe.
Here I stand, an arms reach from the end.
Lost in the sound of empty words you never meant,
and things you wish you never said.
I found my home, and it was in me all along,
the words you spoke have made me strong,
but hope was in me all along. (In me all along,)
Where's the sense in fighting what we know?
Girl, you never loved me. So wrap your arms around
someone who gives you what you want, I've never been
enough.
So bite your *****ing tongue!
So don't hold your breath, hold your breath!
Here I stand, an arms reach from the end.

Lost in the sound of empty words you never meant,
and things you wish you never said!
Here I stand, an arms reach from the end.
Lost in the sound of empty words you never meant,
and things you wish you never said.
I found my home, and it was in me all along,
the words you spoke have made me strong, but hope
was in me all along.
