I'm alone here in this cold room looking for my way
Lost for the words that I'd love to say to you
I'm loosing it myself
The sweet smell of success breathing on my face
Someone's going to save me save me from this faith,
Maybe you
Say that it's you

I'm never letting go of these good times no
OOH
Let the good times roll

Well I'm out here on the sideways looking for my home
Feel like I'm surrounded but I'm all alone without you
There's no one else but you
The clouds are coming down on me I'm swimming in
the
Rain
Wash away this sorrow, wash away this pain in my soul
Let the good times roll

Cause I'm never letting go of these good times no
OOH
Let the good times roll

I looked a blackbird in the eyes and told him what to
Say
If he ever comes across you on his way
But I'm not sure if blackbirds really know
Yeah I've seen you in a daydream and I'm never letting
Go
Your beauty it surrounds me, with colours of gold
Let these good times roll
Cause I'm never letting go, no I'm never letting go
OOH
Let the good times roll
No I'm never letting go, no I'm never letting go
They can't stop us now
Let the good times roll
