"Good Life"

I've watched my dreams all fade away

And blister in the sun

Everything I've ever had is unraveled and undone

I've set upon a worthless stack

Of my ambitious plans

And the people that I've loved the most

Have turned their backs and ran

CHORUS

This is the good life

I've lost everything

I could ever want

And ever dream of

This is the good life

I found everything

I could ever need

Here in Your arms

(Good good life)

(Good good life)

(Good good life)

(Good good life)

Loneliness has left me searching

For someone to love
Poverty has changed my view
Of what true riches are
Sorrow's opened up my eyes
To see what real joy is
Pain has been the catalyst
To my heart's happiness

CHORUS

What good would it be
If you had everything
But you wouldn't have
The only thing you need

CHORUS 2X
