I'm coming to be touched by the coal
I'm coming that You'd reach out Your hand and make
me whole
I've walked by this fire so many times but now I'm
coming in
I've walked by this fire so many times but now I'm
coming in

I'm coming to be touched by the coal
I'm coming that You'd reach out Your hand and make
me whole
I've walked by this fire so many times but now I'm
coming in

Purify me Lord
Burn away the things that don't please You
Create in me a light
A light that shines

Overcome
I wanna be overcome
Let the fire burn in me for the pure in heart to see You
Lord
Let the fire burn in me for the pure in heart to see You
Lord

I'm coming to be touched by the coal
I'm coming that You'd reach out Your hand and make
me whole
I've walked by this fire so many times but now I'm
coming in

Purify me Lord
Burn away the things that don't please You
Create in me a light
A light that shines

Overcome
I wanna be overcome
Let the fire burn in me for the pure in heart to see You
Lord

Let the fire burn in me for the pure in heart to see You
Lord

Baptize us in the Holy Spirit
Baptize us in fire
[X8]

For the pioneers
For those who will go ahead
For the runners

And I want to burn for You Lord [x3]
And I want to burn

And I want to burn for You Lord [x3]

Baptize us in the Holy Spirit
Baptize us in fire
[X8]
