Maybe in you I'll believe

Maybe I'll believe in you

The future of my understanding of love

Many a time I've before

Before I've many a time

Knocked a stranger's door

Discretion hardly I'm known for

Probably has nothing to, nothing at all in the world to
do with you

Just your lower lip on the floor

But baby I gotta get through

Crumb by crumb in this big black forest

Maybe in you I'll believe

Maybe I'll believe in you

Suddenly I'm not myself

Behind the facade is a lonely fountain, here

Suddenly you are the one

Who opens the gates to this unruly garden

Come and let this man go, you

'Cause baby I got to get through

Crumb by crumb in this big black forest

Maybe in you I'll believe

Maybe I'll believe in you

Suddenly you're not yourself

Behind the facade is a lonely angel, still

Suddenly I am the one who opens the gates to this now
gloomy garden

Come and let this man go crumb by crumb in this big
black forest

You I'll believe, crumb by crumb in this big black forest

You I'll believe, crumb by crumb in this big black
forest...
