Oh you call me up an tell me I'm the best thing that
You have
Fill my ears with glowing words make me feel like
Superman
Oh I'm not just the icing on the cake and as far as I
Can tell
A diamond shining hand is fate cause I really suit you
Well

Until someone intriguing gets caught in your
wandering
Eye
But they're no better cause I'm the one that has what
You desire

Well you don't know much
If you don't know this...
I am everything you've asked for
When will you just notice
That the best thing that you have
Has always been in your hands
And I don't understand
Why you're still searching
Why you're still searching

Snap my head out of a dream while the fish were
Swimming around my knees
So beautiful and there you were running off again to
Somewhere green
I can sit on the fence all day waiting for you to make

Your way back
To what is right for you here I am tried and true

Well you don't know much
If you don't know this
I am everything you asked for
When will you just notice
That the best thing that you have
Has always been in your hands
Why do you keep searching

You don't know much
If you don't know this
I can give you everything
When will you just notice
That the best thing that you have
Has always been in your hands
Why do you keep searching

Oh you cried on my shoulder, held all the horses at bay
And you waited in line for those moments I timed out in
Vain
Oh the fires that burned couldn't be a smolder now
Do you find, do you find, you are lonely like me
Somehow
Oh I stand on the front lines and throw myself into
Your reign
But I'm getting too low from your mind games
And I'm sorry now
