(Robert Palmer cover)

Said the fight to make ends meet, keeps a man upon
his feet
Holding down his job trying to show he can't be bought

It takes every kinda people to make what life's about
Every kinda people to make the world go round

Someones looking for a lead in his duty to a king or to
a creed
Protecting what he feels is right fights against wrong
with his life
There's no profit in deceit
Honest men know that revenge does not taste sweet
Whether yellow, black or white each and every mans
the same inside

It takes every kinda people to make what life's about
It takes every kinda people to make the world go round

(Guitare solo)

It takes every kinda people to make what life's about
Every kinda people to make the world go round
Every kinda people to make what life's about
Every kinda people to make the world go round.
