Though I've tried before to tell her  
Of the feelings I have for her in my heart  
Everytime that I come near her  
I just lose my nerve  
As I've done from the start

Every little thing she does is magic  
Everything she do just turns me on  
Even though my life before was tragic  
Now I know my love for her goes on

Do I have to tell the story  
Of a thousand rainy days since we first met  
It's a big enough umbrella  
But it's always me that ends up getting wet

Every little thing she does is magic  
Everything she do just turns me on  
Even though my life before was tragic  
Now I know my love for her goes on

I resolved to call her up a thousand times a day  
And ask her if she'll marry me in some old fashioned  
way  
But my silent fears have gripped me  
Long before I reach the phone  
Long before tongue has tripped me  
Must I always be alone

Every little thing she does is magic  
Everything she do just turns me on  
Even though my life before was tragic  
Now I know my love for her goes on

Every little thing  
Every little thing  
Every little thing she does is magic magic  
Magic magic
