It's so fragile, easy broken  
It's so fragile and it comes so slow  
But when hope that sweet, sweet angel  
Brings the dream you thought had gone  
Don't turn away  
Turn back and listen  
Yeah, turn around, oh turn to me  
Don't break the dream it's waiting for you  
It can give you what you need

But broken dreams linger on  
They tie you up they bind like steel  
You can escape but do you want to?  
Let me in  
Let me dream your dreams  
Let me dream your dreams

And don't you question, how you got here  
Don't try to think, don't think to judge  
And there's no price there never will be  
Can't value hope, can't value love

Oh broken dreams linger on  
They tie you up they bind like steel  
You can struggle or surrender  
Let me in  
Let me dream your dreams  
Let me dream your dreams

Not always clear, but always there  
Sometimes we're blind and lost for looking  
We look too hard at empty air  
Can't live on air  
Can't live on fear  
So we live on dreams

Broken dreams linger on  
They tie you up, they bind like steel  
You can escape, but do you want to?  
Let me in  
Let me dream your dreams

Let me dream your dreams
