It comes to this when life breaks open
When you can no longer try
Nothing to offer, for the well is empty
No more to give, the river's dry

And it comes to this
It comes to this

I don't pretend the choice is easy
I can't pretend I really know
I don't believe you can have it both ways
Do you stay or do you go

And it comes to this
It comes to this

I'm so sorry
It breaks my heart
But in the end, right at this moment
Each road leads
A different way
And I'm damned if I do
And I'm damned if I don't
And I can't choose to stay

And if I could unhook time
From where it hangs above my head
I'd take it down
I'd remake it
It would be you, just you instead
Just you instead

I'm so sorry
It breaks my heart
But in the end, right at this moment
Each road leads
A different way
And I'm damned if I do
And I'm damned if I don't
And I can't choose to stay

And it comes to this
It comes to this
