Oh you make me tremble
And I can't control it
Can't control it anymore
What's between us
Is as deep as sin
And strong as any force

Oh I'm hungry
I've been starving
Just to hold you close
We built our fences
And we pretended
That we were safe

(But it) had to happen
It had to happen
Don't deny that you feel what I feel
Here and now what we have is real
So don't deny it
This time

As though we both denied it
We had no choice
There was a moment in our lives
And we both know it was the
Moment of truth so why did we lie?

Oh I'm hungry
I've been starving
To tell the truth
We built or fences
And we pretended
We were all alone

(But it) had to happen
It had to happen
Don't deny that you feel what I feel
Here and now what we have is real
So don't deny it
This time

And if I shiver
When you touch my hand
We will always remember
And if I tremble
When I hold you
We will always remember
This moment together
This feeling forever

It had to happen
Don't deny that you feel what I feel
Here and now what we have is real
So don't deny it
This time
