There was never time enough
I can't breath
It's too hard to think of love
I can't breath, I can't breath
Can't let my words betray
I won't talk, I won't talk
Words will never be the way
I won't talk, won't talk
Many fears, many dreams
Many roads out there
Hide the pain behind the smile
Behind the tears
You burn like fire
Burn like ice
Your heart tears, your heart tears
You be strong and hold it in
But your heart still cares
Many fears and many dreams
Many roads out there
Hide the pain behind the smile
Till there are no more tears
Many fears and many dreams
Many roads out there
Hide the pain behind the smile
Till there are no more tears
There was never time enough
I can't breath
It's too hard to think of love
I can't breath, I can't breath
Many fears and many dreams
Many roads out there
Hide the pain behind the smile
Till there are no more tears
Many fears and many dreams
Many roads out there
Hide the pain behind the smile
Till there are no more tears
There was never time enough.....
