This day, this perfect day  
Peace, peace at last  
Love blurs, love blurs my eyes  
And my heart is in your hands

No more yearning, no more fears  
For you have brought me home  
No more yearning, no more tears  
Oh safe harbor of my home  
Oh safe harbor of thou own

I dream, I dream of you  
I dream, soul to soul  
Just you, just you alone  
And I trust, I trust in you

No more yearning, no more fears  
For you have brought me home  
No more yearning, no more tears  
Oh safe harbor of my home  
Oh safe harbor of thou own

I give, I give to you  
All that I know is true  
And you give, you give to me  
All of your heart  
And all of your soul  
And the promises we'll keep as we grown old

No more yearning, no more fears  
For you have brought me home  
No more yearning, no more tears  
Oh safe harbor of my home  
Oh safe harbor of thou own
