Just when I was winning you  
Let me fall like a fool  
Just when I was holding on you  
Said all that love is gone, well

All the words in all the world  
Can't say how I feel  
All the words in all the world  
Can't say how I feel today

Don't try to tell me now  
All the things that I'm supposed to got wrong  
All I really know right now  
Is that my heart and love were strong

All the words in all the world  
Can't say how I feel  
All the words in all the world  
Can't say how I feel today

I had so much to say  
I had something true  
But all that went away  
You know it went away  
With you, you, you, you

Still I just can't be resigned  
To this silence all the time  
Got to find my tongue again  
And let it off and run again

All the words in all the world  
Can't say how I feel  
All the words in all the world  
Can't say how I feel today

Just when I was winning you  
Let me fall like a fool  
Just when I was holding on you  
Said all that love is gone, well ☐.
