There was a light that used to shine,
in your eyes and mine,
and I wonder tonight,
just were did your light go?

'cause the last time that you held me,
felt so cold and empty.
I just can't go on like theres nothing wrong
I need to know

Am I missing something here,
that anyone else could see?
Is there something I'm not getting,
Or that you're not getting from me?

Is this just one of those days,
a passing phase we all go through?
Or am I missing something here,
and will I be soon be missing you?

Could it be you no longer care,
or am I being compared, to somebody new or one you
loved before?
Are there other lips you're kissing?

Is this only my suspions?
Tell me everythings is fine,
say its all in my mind,
and I won't ask anymore.

Am I missing something here,
that anyone else could see?
Is there something I'm not getting,
Or that you're not getting from me?

Is this just one of those days,
a passing phase we all go through?
Or am I missing something here,
and will I be soon be missing you?

Are the words that you're not saying,
just your way of saying goodbye?

Is there less of me in your heart?
Is there more than meets the eye?

I wonder am I missing something here,
that anyone else could see?
Is there something I'm not getting,
Or that you're not getting from me?

Is this just one of those days,
a passing phase we all go through?
And will am I missing something here,
and will I be soon be missing you?
