You would think by now  
I could face the fact  
You're not here and you're not coming back

But instead I go on  
And let myself pretend  
That somehow, deep down, I'm convinced

What I feel can't be real  
That's what I tell myself  
It's a dream, this kind of thing  
Only happens to someone else

I don't wanna believe you're gone  
But some things are true  
Whether you believe it or not

I still leave the light on  
On the chance that you'll drop by  
I still park on my side of the drive

Every night I make sure  
That your alarm is set  
I still turn down your side of the bed

What I feel can't be real  
That's what I tell myself  
It's a dream, this kind of thing  
Only happens to someone else

I don't wanna believe you're gone  
But some things are true  
Whether you believe it or not

Some things are true whether you  
Believe it or not
