Hey  
This one goes out to all those  
Who wanna do their own thing  
You know what I'm saying  
Tonight is dedicated to you  
Do what you wanna do, have fun  
You call the shots, and it's on me  
Here we go  
Bring it oni oni oni oni on one

No matter what they say, no matter what they do  
Tonight is your night so do what you want to  
Grab a girl, grab a guy, say hi, say ho  
Throw your hands in the air and let the music flow  
Now here we go, once again it's the man with the wings  
On the double got my shovel and I'm diggin' for skins  
Now everything is alright, nobody's uptight  
Could be the lights but all the girls look right

Now I'm coolin' in the corner with a cute named Judy  
And a girl named Sheryl, said she been around the  
world  
Went and strolled on her own through the club on a  
rub-a-dub tip  
Tryin' to snuggle up wit another honey dip  
I see my peoples on the dance floor doing their thing  
As I dance to sing, believe me it's a black thing  
The party's all jumpin', everything is alright  
So do what you wanna do 'cos it's your night

Tonight, this is your night tonight  
Every thing's gonna be, alright  
This is your night tonight  
Every thing's gonna be, alright  
This is your night tonight  
Every thing's gonna be, alright  
This is your night tonight  
Every thing's gonna be, alright

I need the dance floor stacked with back-to-back blacks  
And blunts to get contact, some stunts to get tum taps

The night is still young, the fun is still fun  
Everybody move your body, it ain't nuttin' but a party  
Folks can I get a 'ho'? Ladies can I get a 'wow'?  
So hear me now it's a regular routine thing where  
brothers do their thing  
It ain't arsenic, but it's definitely a night thing

The atmosphere is a rap-most-fear  
And everybody from nowhere to somewhere is here  
So act like you know, and float with the flow  
You heard it on stereo, see it on the video  
Everybody's workin' up a sweat  
Even though roughneck is with the roughneck step  
The party's all jumpin', everything is right  
So do what you wanna do 'cos this is your night

Tonight, this is your night tonight  
Every thing's gonna be, alright  
This is your night tonight  
Every thing's gonna be, alright  
This is your night tonight  
Every thing's gonna be, alright  
This is your night tonight  
Every thing's gonna be, alright

Alright, alright

I got the goods and the goodies, some brothers be in  
hoodies  
And some girls be in tight jeans, it's part of the night  
scene  
Everybody is freshly dipped brothers be at the bar  
Actin' like movie stars, set to flip  
The whole crowd's in a good groove, eatin' the good  
food  
Soul food to keep you in a good mood

Champagne flowin', people hey-hoin'  
Time just passed without ya even knowin'  
Party's like pretty sights, late nights  
Flexed from a set to the next set, it's alright  
The party's only jumpin', everything is tight  
So do what you want because it's your night

Tonight, this is your night tonight  
Every thing's gonna be, alright  
This is your night tonight  
Every thing's gonna be, alright  
This is your night tonight  
Every thing's gonna be, alright  
This is your night tonight

Every thing's gonna be, alright

Tonight, this is your night tonight

Every thing's gonna be, alright

This is your night tonight

Every thing's gonna be, alright

This is your night tonight

Every thing's gonna be, alright

This is your night tonight

Every thing's gonna be, alright
