I get in the car
Another tragic disaster
But I'm safe where I am
Yet another is captured

The traffic is stopped
People just stare
Another alert
Does the kids have a prayer

Life is not fair

It's hard to look outside my door
With all the news reports and more
Yet I would do my part and stay alert
For all the kids out there who are getting hurt

It could have happened to me
Can you make me believe
This could have a happy end
'Cuz I am one of them

I try to grow up
But I am chased by my fears
It could happen to me
And I worry in tears

Reports of the girl
Makin' me scared
Led of to die
And why was I spared?

Life is not fair

It's hard to look outside my door
With all the news reports and more
Yet I would do my part and stay alert
For all the kids out there who are getting hurt

It could have happened to me
Can you make me believe
This could have a happy end

'Cuz I am one of them

I am one of them
Am one of them
I am one of them
Am one of them

I am one of them
Am one of them
I wish I could bring
Back all of them
