On the subject of you being gone forever  
I still can't believe it, I can't see it  
I should just stop counting days  
On the subject of the future  
Wouldn't it be nice to leave it open-ended  
And pretend it could go either way

If I could have you back again  
I'd think about it once or twice, I guess  
If I could have you back  
I'd reconsider, maybe I'd say yes  
On the other hand it would be  
Better to have a life  
Without the constant indecision over  
If I could have you back  
If I could have you back

On the topic of the time we spent together  
I can't say I never wondered if you ever think about  
these days

If I could have you back again  
I'd think about it once or twice, I guess  
If I could have you back  
I'd reconsider, maybe I'd say yes  
On the other hand it would be  
Better to have a life

Without the constant indecision over

If I could have you back

It's game over  
You lost this round  
And now I guessed I've turned you down  
Thanks for all the lessons learned  
I'm taking in what I have heard  
(Practice makes perfect)

If I could have you back again  
I'd think about it once or twice, I guess  
If I could have you back

I'd reconsider, maybe I'd say yes  
On the other hand it would be  
Better to have a life  
Without the constant indecision -

If I could have you back again  
I'd think about it once or twice, I guess  
If I could have you back  
I'd reconsider, maybe I'd say yes  
On the other hand it would be  
Better to have a life  
Without the constant indecision over  
If I could have you back  
If I could have you back
