Don't know where you are
Wish I just could be near you
I would sail oceans
To get a glimpse of how you feel

You're all the things I'm looking For everything and so
much more

What I think
You are just perfect
Could it be
That I am worth it
Is this thing an open door
Walk right through to something more
You and me
My life would change in a second
In a second

Don't know how you feel
You seem to keep it to yourself
Would you climb mountains
To show me this is something real

You're all the things I'm looking For everything and so
much more

What I think
You are just perfect
Could it be

That I am worth it
Is this thing an open door
Walk right through to something more
You and me
My life would change in a second
In a second

Could it be
Could it be
You and me
You and me
Do I see

Do I see
Clearly

What I think
You are just perfect
Could it be
That I am worth it
Is this thing an open door
Walk right through to something more

What I think
You are just perfect
Could it be
That I am worth it
Is this thing an open door
Walk right through to something more
You and me
My life would change in a second
In a second
