Life is good I can't complain
I mean I could but no one's listening
Your image overwhelms my brain
And it feels good, good, good

Now I'm rolling my window down
I love the wind but I hate the sound
Your like a tattoo that I can't remove
And it feels good, it feels good, it feels good
I'm holdin on

Like a roller coaster ride
Holding on white knuckles like
whoa, whoa,
Can't believe I'm like
whoa, whoa,
every time i'm like
whoa,whoa
Up and down and side to side
Every inch of me is like
whoa, whoa
Got me feeling like
whoa, whoa
Everytime I'm like

In the morning it begins again
Feels like I'm falling, better strap me in
I think I'm running out of oxygen
And it feels good, it feels good, it feels good
I'm holdin' on

Like a roller coaster ride
Holding on white knuckles like

whoa, whoa
Can't believe I'm like
whoa, whoa
Everytime I'm like

Up and down and side to side
Every inch of me is like
whoa, whoa

Got me feeling like
whoa, whoa
Everytime I'm like

My inhibitions are beggining to let go
This situation I can't help but lose control
You're an infliction that I cannot seem to break
It feels good, it feels good

I'm holdin' on
Holdin', holdin', holdin', holdin'
Holdin', holdin', holdin', holdin'

I'm holdin' on like a rollercoaster ride
Like I'm runnin' a red light
Like a rocketship in flight
Something else that makes me fell like
Whoa

Like a roller coaster, whoa
Holdin' on white knuckles, whoa
Once you let your love in, whoa
Every inch of me is like
whoa
Got me feeling like
