Into your head, into your mind
out of your soul, race through your veins
You can't escape, you can't escape.

Into your life, into your dreams,
Out of the dark, sunlight again.
You can't explain, you can't explain.

Can You feel it, can you feel it,
Rushin' through your head,
Rushin' through your head,
Can you feel it, can you feel it,

Don't let nobody tell you, your life is over,
Be every color that you are,
Into the rush now,
You don't have to know how,
Know it all before you try.

Pulling you in, spinning you 'round,
Lifting your feet right off the ground,
You can't believe it's happening now.

Can You feel it, can you feel it,
Rushin' through your head,
Rushin' through your head,
Can you feel it, can you feel it,
Don't let nobody tell you, your life is over,
Be every color that you are,
Into the rush now,
You don't have to know how,
Know it all before you try.

It takes you to another place,
imagine everything you can.
All the colors start to blend,
Your system overloads again.

Can You feel it?

Don't let nobody tell you, your life is over,
Be every color that you are,

Into the rush now,
You don't have to know how,
Know it all before you try.

Don't let nobody tell ya
Yeah, yeah, yeah, yeah(x2)

Don't let nobody tell you, your life is over,
Be every color that you are,
Into the rush now,
You don't have to know how,
Know it all before you try.
