Every now and then  
I could use a friend  
I put you behind me  
And you're all that I see  
I can't imagine my life without you because...

Chorus  
You're all I want  
You're all I need  
Sometimes I feel left alone  
And when you're gone my heart seems to melt  
I want you right here beside me  
Because you're all I want

I never get you out of my head  
Your in my dreams whenever I go to bed  
I stay up all night  
With all of my might thinking about you  
It's always been you and me  
And you're all that I see  
I can't imagine my life without you because...

Chorus  
You're all I want  
You're all I need  
Sometimes I feel left alone  
And when you're gone my heart seems to melt  
I want you right here beside me  
Because you're all I want

(guitar break)

I put you behind me  
And you're all that I see  
i can't imagine my life without you because.....

Chours (repeat twice until fade out)  
You're all I want  
You're all I need  
Sometimes I feel left alone  
And when you're gone my heart seems to melt  
I want you right here beside me

Because you're all I want tonight
