By Rebecca St. James, Tedd T.

I know that look in your eyes  
I see the pain behind your smile  
Please don't hold it all inside  
Together we can run  
To the finish line  
And when you are tired  
I'll carry you

I can't walk this road without you  
You cannot go it alone  
We were never meant to make it on our own  
When the load becomes too heavy  
And your feet too tired to walk  
I will carry you and we'll be carried on

Share your burden now  
I will listen  
And when I'm weak  
Will you hold me to the truth  
That we can go on,  
For we are carried  
Three strands of chord  
Cannot be easily torn

I can't walk this road without you  
You cannot go it alone  
We were never meant to make it on our own  
When the load becomes too heavy  
And your feet too tired to walk  
I will carry you and we'll be carried on

God will carry us (4X)

Before I say one more word  
Hear me say I love You  
My love comes from a heart that overflows  
With love Who fills me  
Comforts me  
Comforts you  
With arms stretched out He said,

"I'll carry you"

I can't walk this road without you  
You cannot go it alone  
We were never meant to make it on our own  
When the load becomes too heavy  
And your feet too tired to walk  
I will carry you and we'll be carried on  
(Repeat)
