If you see a change in me, don't wonder  
There's someone in my life  
A peace I can't describe  
For I've been reborn

If you see a change in me, don't wonder  
I've found a whole new life  
And hope that I can't hide  
For I've been reborn

Have you ever felt  
A longing, a searching within your soul  
Soul for something more  
But you don't know what for

There's one who will reach across the distance  
From the Heavens to the earth, the earth  
Because he loves you  
He loves you

If you see a change in me, don't wonder  
There's someone in my life  
A peace I can't describe  
For I've been reborn

If you see a change in me, don't wonder  
I've found a whole new life  
And hope that I can't hide  
For I've been reborn

If you see a change in me  
If you see a change in me  
If you see a change in me  
If you see a change in me  
One, two, three, four

Have you ever felt that something, thing's missing  
Within your soul, your soul  
You want something more  
But you don't know what for

There is only one you need, need

But you've got to believe, believe  
That He loves you  
Enough to give His life

If you see a change in me, don't wonder  
There's someone in my life  
A peace I can't describe  
For I've been reborn

If you see a change in me, don't wonder  
I've found a whole new life  
And hope that I can't hide  
For I've been reborn

If you see a change in me, don't wonder  
There's someone in my life  
A peace I can't describe  
For I've been reborn

If you see a change in me, don't wonder  
I've found a whole new life  
And hope that I can't hide  
For I've been reborn
