Between the school and the dole queue  
The master of all you survey  
Swagger slowly through the school yard  
All the boys say  
'You're so hard'  
Your t-shirt is tucked in your trackies  
Your broad hands are clenched in a fist  
As you're running through the school yard  
All the girls want you so hard

And you say your gonna get so far  
Working hard on your chin-up bar  
And you say your gonna leave this town  
And you'll never have to buy a round  
And you say your gonna get so far  
And your gonna be a superstar  
And you say your gonna leave this town  
No man around can knock you down

Your girlfriend is still in detention  
You park up and smoke by the gates  
Her song is playing so  
She can hear  
Her teacher wishes you'd  
Disappear

It's fight night in town for the bantams  
Your confidence matches your stride  
Sequins glisten on your dressing gown  
First jab and you go down

And your never gonna leave this town  
Where you can't afford to buy a round  
And your never gonna get too far  
Flipping burgers in a fast food bar  
And your never gonna leave this place  
Non-starter in the human race  
And your never gonna leave this town  
Cos you didn't even last the round
