Theres a monster in my house. I hear it every night.

It sounds like it has big, sharp claws and nasty fangs
that bite.

Theres a monster in my house. It makes it hard to
sleep.

I hear it growling on and on in a voice so scary and
deep

ZZZzzzzzzzzzzzzzzzzzzzz!!! ZZZzzzzzzzzzzzzzzzzzzzz!!!

Theres a monster in my house,

and its coming after me.

Theres a monster in my house.

Theres a monster in my house. I shake and scream with
fear.

My Mom and Dad come running in, but suddenly theres
nothing to hear.

So they go back to their room, and leave me all alone.

But soon enough that sound is back that chills me to
the bone

ZZZzzzzzzzzzzzzzzzzzzzz!!! ZZZzzzzzzzzzzzzzzzzzzzz!!!

Theres a monster in my house,

and its coming after me.

Theres a monster in my house.

Now the time has come to face that monster, once and
for all.
