My bicycles the fastest that the world has ever seen.

It has supersonic engines and a flame-retardant sheen.

My bicycle will travel a gazillion miles an hour.

It has rockets on the handlebars for supersonic power.

Every time I take a ride everybody's eyes get wide-

Wow! Cool!

Zoom! Zoom! Zoom! Vroom! Vroom! Vroom!

Go! Go! Go! Whoa! Whoa! Whoa!

Yeah! Yeah! Yeah! Yeah!

Zoom! Zoom! Zoom! Vroom! Vroom! Vroom!

Go! Go! Go! Whoa! Whoa! Whoa!

Here I come now on my bike!

The pedals both are jet-propelled to help you pedal faster.

The shifter is equipped with an electric turbo blaster.

The fender has a parachute in case you need to brake.

My bike is undeniably the fastest one they make.

Every time I take it out everybody starts to shout-

Wow! Cool!

Zoom! Zoom! Zoom! Vroom! Vroom! Vroom!

Go! Go! Go! Whoa! Whoa! Whoa!

Yeah! Yeah! Yeah! Yeah!

Zoom! Zoom! Zoom! Vroom! Vroom! Vroom!

Go! Go! Go! Whoa! Whoa! Whoa!

Here I come now on my bike!

I could ride it day and night.

Its faster than the speed of light.

My bicycles incredible. I love the way it feels.

And Ill like it even more when Dad removes the training wheels

Zoom! Zoom! Zoom! Vroom! Vroom! Vroom!

Go! Go! Go! Whoa! Whoa! Whoa!

Yeah! Yeah! Yeah! Yeah!
