From the lands of Sweden they came  
862 was the year  
Sailing under the flag  
Of Rurik spreading fear

Novgorod was their stronghold called  
The lands around they subdue  
Blonde warriors cunning  
Mighty and true

[Chorus:]  
The rivers they rule  
Warriors to the core  
The Rus they are called  
Standing proud and tall  
Here their word is the law  
The Rus they are called

Swjatoslav their present king  
His names's like thunder on the plain  
He conquered the bulgars  
And chasars by sword and flame

[Chorus]

They rule the rivers to Miklagard  
And to pass we must pay  
A mighty kingdom  
To last for many a day
