He came from the land of Asaland  
The ruler of Asgard  
From the land of ice and snow

He conquered all of Saxland  
And the giants of Jotunheim  
The ravens fly where he'll go

A wise and travelled warrior,  
A cunning enemy  
Taking what we sacrifice  
Across the rainbow bridge

Giving strength in battle, giving victory  
Odin's chosen heroes  
May cross the rainbow bridge

Hear the thunder  
The sky is cracks  
See the rainbow bridge  
There's no turning back

Valkyrs riding a bloody trail  
Heroes cross to Asgard, never fail

To Odin we call  
- in his name we will fight  
Riding on dragons through the waves  
And the gods on our side  
To Odin we call -  
In his name we will fight  
Summon the valkyrs in the sky  
On the wings of death we ride

The power of the Skalds  
And the magic of the runes  
He taught to us who sacrifice  
By the cold light of the moon

The father of the Ynglinga  
The house of our kings  
The battle sound amuses him

And battle we shall bring

Mad as wild dogs  
Strong as the bear  
I bite my shield in anger  
Life I never spare

A deadly blow, as cold as ice  
The power of the berserk, take your life

To Odin we call  
- in his name we will fight  
Riding on dragons through the waves  
And the gods on our side  
To Odin we call -  
In his name we will fight  
Summon the valkyrs in the sky  
On the wings of death we ride

Hear the thunder  
The sky is cracks  
See the rainbow bridge  
There's no turning back

Valkyrs riding a bloody trail  
Heroes cross to Asgard, never fail

To Odin we call -  
In his name we will fight  
Riding on dragons through the waves  
And the gods on our side  
To Odin we call -  
In his name we will fight  
Summon the valkyrs in the sky  
On the wings of death we ride

And the gods are on our side...
