I look in your eyes
And I see a little bit of heaven in view
I face your disguise and
I See you running too
A teardrop of silence
That's dissipating in an ocean of blue
So let me dive under
In memory of you

Refrain:

By now it's loving and affection
By now it's love
By now it's loving and affection, baby
By now it's love

And will you still see me
When I am lying under heavenly skies
And will you still feel me
When I reach out to you
And when it's all over
Just let me dive into the
Pools of your eyes
And then I'll float timeless
Into a part of you

Refrain (3x)
