Been invited to a party
And I'm gonna go
I know that's where I find my baby
The one that I love her so
Been invited to a party
And I'm gonna go

She'll be dancin' with another
And I had a pretty cute
But I cannot, my baby
'Cause I love her still
Been invited to a party
And I'm gonna go

I want her close to my heart this once more
I started lovin' like she did before
Without this promise, I can't live
Come on, baby, kiss, kiss, kiss

Been invited to a party
And I'm gonna go

Oh, let's have a party!

Been invited to a party
And I'm gonna go
I know that's where I find my baby
She's the one that I love her so
Been invited to a party
And I'm gonna go

I want her close to my heart this once more
I started lovin' like she did before
Without this promise, I can't live
Come on, baby, kiss, kiss, kiss

Been invited to a party
And I'm gonna go
