You were there
When she said I don't want you around no more
When she broke my heart
And walked right out the door
You were there, you were there, you were there
Oh, yeah

You were there
And you know you make me smile when I was blue
When you took my hand
And I cared for you
You were there, you were there, you were there
Oh, yeah

What is your name, little girl?
I want to know 'cause I'm so blue
I want to share a kiss with you

You were there
When I took you in my arms and said be mine
Won't be sad and girl
That till the end of time
You were there, you were there, you were there
Oh, yeah

What is your name, little girl?
I want to know 'cause I'm so blue
I want to share a kiss with you

You were there
When I took you in my arms and said be mine
Won't be sad and girl
That till the end of time
You were there, you were there, you were there
Oh, yeah
Oh, yeah
Oh, yeah
