Do you feel it now musicâ€™s up in ya
Do you feel it loud straight to the ears man
Itâ€™s that mean bass singing pleasure to meet ya
The green and black throw it up so we see ya

Do you feel the sound? Itâ€™s coming straight through
the waves
While the music from the Earth keeps us sane
Iâ€™m feeling that herb when the sun hits my face
You create your mind so make your mental space

Much respect to all the people thinking green
Not just the color but the message in between
Hereâ€™s a mental weapon that youâ€™ll use
frequently
To stop evil people and end their beliefs

Green turned to black, green smoked to black, green
burnt to black
Yea thatâ€™s what we stand for

Well Mr. tough guy he fights physically
When all the people really need is some peace
It are these moments where we turn to our needs
It never caused no death nor disease

Donâ€™t try to make it seem like weâ€™re some
foolish youth
Throwing away our lives, but weâ€™re searching for
the truth
Donâ€™t need authority/rules while we go unheard
See there isnâ€™t any crime using herbs

Much respect to all the people thinking green
Not just the color but the message in between
Hereâ€™s a mental weapon that you use frequently
To stop evil people and end their beliefs
