O, do you feel it now music's up in ya
Do you feel it loud straight through your ears man
It's that mean bass singing pleasure to meet ya
The green and black throw it up so we see ya

Ya'll feel the sound? It's coming straight through the waves
While the music from the Earth keeps us sane
I'm feeling that herb when the sun hits my face
You create your mind so make your mental space

Much respect to all the people thinking green
Not just the color but the message in between
Here's a mental weapon that you'll use frequently
To stop evil people and end their beliefs

Green turned to black, green smoked to black, green
turned to black,
Yea that's what we stand for (2X)

Well Mr. tough guy he fights physically
When all the people really need is some peace
It are these moments where we turn to our weed
It never caused no death nor disease

Don't try to make it seem like we're some foolish youth
Throwing away our lives, as we're searching for the truth
Don't need authority/rules while we go unheard
Still there ain't no crime using herbs

Much respect to all the people thinking green
Not just the color but the message in between
Here is a mental weapon that you use frequently
To stop evil people and end their beliefs

Green turned to black, green smoked to black, green
turned to black,
Yea that's what we stand for
Green turned to black, green smoked to black, green
burned to black,
Yea that's what we stand for

Green turned to black, green smoked to black, green
turned to black,
Yea that's what we stand for (2X)
Green turned to black, green smoked to black, green
burned to black,
Yea that's what we stand for (2X)
Green turned to black, green smoked to black, green
turned to black,
Yea that's what we stand for
Green turned to black, green smoked to black, green
burned to black,
Oo ya
