Girl don't you worry about a thing,
Pick your head up from the pillow,
Look at me and the surprise that I bring,
Let me show you what I'm trying to write,
If you say good, then success,
Baby let me sing to you and recite,
Let me be your lover tonight
Yes I got your letter when you said that you missed me,
I got a picture of you in my head dressed for me,
I'm like mmm, Lovely will the moment be with you,
Sometimes on my own I feel sadly,
Damn I need you badly, it's true,

Lovely will the morning be with you,
With you I could spend the rest of this lazy afternoon
away with you
Here I am sitting in my bed like
Wishing it was daylight Girl,
I miss you in the nighttime,
And thinking of you constantly,
And what you mean to me,
I'm living just for thee,
Girl come and get at me
Yes I got your letter when you said that you missed me,
I got a picture of you in my head dressed for me,
I'm like mmm, Lovely will the moment be with you,
And sometimes on my own I feel sadly,
Damn I need you badly, it's true,
Lovely will the morning be with you,
With you I could spend the rest of this lazy afternoon
away with you
