How you feeling? How you feeling?  
People, take it easy  
can't you see that I'm busy now  
I've got a knack for some trouble believe me,  
and lately I've been trying to block it out  
I've got a strange little other side,  
a temptation that I try to hide  
Just like a pretty girl saying do or die, that's right

And I can tell when I look at you  
That you've been going what I'm going through  
The same thing happens, the same thing happens  
But I've been thinking I can be a better man see  
Instead of taking life for granted I feel lucky  
to be alive, good how I'll feel inside  
And from now on we're taking big strides

oo yeah oo yeah oo yeah oo yeah

Hold up, now yes I'm on something great,  
if you know you relate, no one's perfect  
And if you think you can't count your mistakes,  
think again, cuz I know that you can  
Dear sir, I'm pretty sure that we grow every day based  
on simple mistakes that we make  
There ain't no easy way,  
there ain't no easy way

And I can tell when I look at you  
You know exactly what I'm going through  
The same thing happens, the same thing happens  
But you keep thinking you can be a better man see  
Instead of taking life for granted you'll feel lucky  
to be alive, good how you'll feel inside  
And from now on we're taking big strides.

oo yeah oo yeah oo yeah oo yeah
