"Forbidden lovers"

I needed love when I saw her for the very first time.
And I knew from the start, I could make her love mine.
And I promised myself: now I had found her I'd never let her go.
In her eyes, I could see the same reflection
of a heart that was filled with the same emotion.
And I knew from the passion and our first kiss
That she was made for me.

We are forbidden lovers - we are forbidden lovers.
We are a wonderful dream that never will come true.
Oh baby, forbidden lovers - we are forbidden lovers -
Đžh darling, forbidden but so good.

As she laid in my arms for the very first time,
felt the tremble and touch of her hand upon mine.
And her ring shone so brightly on the finger that laid along my skin.
And I knew in my heart, she would never be mine.
Felt the pleasure and pain of the forbidden kind
Đ s her lips kissed so lightly across my shoulder behind the secret door
