Well I got empty bottles and legal papers wrinkled up
all over the floor
My pen won't write and my guitar doesn't have a song
in it anymore
Well I can write another love song, yeah, but first you
got to find someone to love
I could write another fight song, yeah, but there's got
to be something to be proud of and they say

Chorus 1:

Misery love's company, but it damn sure ain't lookin'
for me
I'll be alright, I just gotta find someone to break my
heart tonight
Going out walkin' on Avenue B and I ain't comin' back
until dawn
And find some stranger in a Greenwich bar to shower my
affection upon
Well maybe she'll stay 'til one fateful day when we
realize we've got nothin' left
And maybe I'll find she's messed up my mind and I can
get back to doing what I do best and they say

Chorus 1

Well all these A&R guys keep knockin' on my door
I guess the last batch wasn't good enough cause they
keep on wanting more and more and they say

Chorus 2:

Write what you know and it just goes to show, you gotta
write your own destiny
I'll be alright, I just gotta find someone to break my
heart tonight, they say
Misery love's company, but it damn sure ain't lookin'
for me
I'll be alright, I just gotta find someone to break my
heart tonight
