sirens are screaming
i can hear em' coming down hard
it's time i was leaving
warm up my getaway car
i know you'd like me to stay
but if i do they'll haul me away

i won't go easy
after all the time i've done
i've been shooting freely
under the table and above the sun
but maybe i wont mind
a chain gang with you in line

call the cops for a ride downtown
take a picture for the ols lockdown
i know we could both fall flat
but lets just fall and leave it at that

white picket fences
look a lot like iron bars
a pink house with shutters
reminds me of old grey walls
but this time i wont hide
if your with me on the inside

call the cops for a ride downtown
take a picture for the old lockdown
i know we could both fall flat
but lets just fall and leave it at that

out on the highway
runnin round with an outlaw band
its always been my way
livin life on the lam
this might be the first time
i dont make it to the borderline

call the cops for a ride downtown
take my picture for the old lockdown
i know we could both fall flat

lets just fall
lets just fall and leave it at that
