Everything that you do,
Everything that you say,
Seems to catch me somewhere in between,
Set to go from the start,
Its gona tear me up,
Im burning all the way,
And I don?t know what to say,

So I?ll build this up,
And if it tears me down,
I wont know to say,
Thanks for this chance,
I wont screw up,
You know I?d take things back,
For us to be the same

Keep the closeness apart,
Just another broken heart,
But you know that we?ll get through,
Because of me and you,

So I?ll build this up,
And if it tears me down,
I wont know to say,
Thanks for this chance,
I wont screw up,
You know I?d take things back,
For us to be the same

I cant give a single word to anything you say
Because I?m trapped inside this fucked up thinking,
Of you all the time,
And I?m not fine,

Our first kiss,
Our last touch,
The way you didn?t give a fuck,
I want this,
I need this,
The way you gave up cause you cant trust

So catch me if I'm somewhere with,
The thoughts and dreams I made with you,
We were all too good at what we do
