I am old fashioned.
Take it as you will.
I have emotions
That you'll never feel.
I am courageous.
I don't care what you say.
Yeah I'm too independant.
You never mattered anyway.

But I've tried
I really do
Yeah I've tried
Tried to tell you.
That I'm not the one you want.
No I'll never be
The one that you want

I am hard headed.
I always have to be told.
I am honest
And incredibly bold.
Hardly sympathertic,
I only care about myself.
Barely apologetic,
I keep my heart on a shelf.

Last time: So take it from me.
