The Last Temptation  
A hidden symmetry  
Is what we're shown and meant to believe  
Are we deceived or just blind  
I try to see through this  
Eyes closed by a Judas kiss  
How could we ever be so blind

It's the last call  
Still we want more  
It's the last call

I counter the emptiness  
Desperate to escape my fate  
Taking me closer to the lie  
Is there no end to this  
Is there no end to the selfishness  
The walls are closing on my mind

It's the last call  
Still we want more  
It's the last call

Shelter  
Last try  
Repent  
The wrath

Shelter  
We will deceive us  
Last try  
Despair for all  
Repent  
Nowhere to go  
The wrath  
Last temptation

The dying man becomes the sire  
The flame of the west must prevail  
And we all loath the broken  
While ignorance reigns with a loaded gun

The last temptation  
The last temptation  
The last temptation  
The last temptation
