It's bone dry and hot here in Paradise Arkansas  
Never seen cracks like the cracks in this dirt  
It's Uncle Cliff on the phone, but I really think the Lord  
called  
When he said come on down boy and I'll put you to  
work  
It hasn't been easy letting you go  
But I think I'm finally on that road

Chorus

Cause there ain't no blue '92 Cavalier  
There ain't no moonlight drive-in here  
There are days you don't even cross my mind  
There's no one here that I don't want to see  
There's no one here that don't want to see me  
I ain't found it yet, but I'm convinced there's a life  
Somewhere between you and Paradise

I've been hanging around with a girl here in town  
Every time I look she's looking better  
But I'm still not sure I can take your voice on the phone  
So I wrote you this letter  
It hasn't been easy letting you go,  
But I think I'm finally on that road

Chorus

I'm not gonna apologize for the way I just disappeared  
I couldn't bear another minute without you  
Thank God I'm here

Chorus

Somewhere between you and Paradise
