I have fallen for another she can make her own way
home
And even if she asked me now I'd let her go alone
I useta see her up the chapel when she went to Sunday
mass
And when she'd go to receive, I'd kneel down there
And watch her pass
The glory of her ass
I useta to love her, I useta love her once
A long, long time ago
I useta to love her, I useta love her once
A long long time ago
It's gone , all my lovin' is gone
It's gone , all my lovin' is gone
D'you remember her collecting for concern on
Christmas eve
She was on a forty eight hour fast just water and black
tea
I walked right up and made an ostentatious
Contribution
And I winked at her to tell her I'd seduce her in the
future
When she's feelin looser
So now you know the truth of it she's no longer my
obsession
Though the thoughts and dreams i had of her would
take six months in confession
See i met this young one Thursday night and she's inta
free expression
And her mission is to rid the world of this sinful
repression
Then we had a session
It's gone , long , long gone
I have fallen for another and she can make her own
way home
