It's my last summer in New York
Thinkin' 'bout Berlin
I thought We'd pulled it together
And she went back on it all again
The boys from forest hills are gone
This heat is killin' me

It's my last summer in New York
My last summer in New York
It's my last summer in New York

We were shoutin' Sirius is wasted
yeah, just driving round the town
pulled into a place on the west side
when the poor ol' car broke down
Into one bar then another
and we got her goin' again

Its my last summer in New York,
my last summer in New York,
Its my last summer in New York

Oh we were prince and princess,
But it wasn't meant to be,
since we started hangin out,
down in the knittin' factory
The boys from forest hills are gone,
This heat is killin me

its my last summer in New York
my last summer in New York
its my last summer in New York
