Did you expect me not to be surprised?
I see that far-off look there in your eyes
Did you think I wouldn't realize
What you'd done
While I was gone?

Did you want to hear that it's alright
Go ahead and find some other guy
And if that's what you want, I
Guess it's fine
Just don't come back
Here anymore

Just don't come back
Here anymore
And I won't believe those lines
That you told me before
Just walk away now
Walk out that door
And don't you come back here anymore

What'd you think, that this was my first time
To be replaced and sent on down the line
Only once I thought I'd
Give it time,
But I was wrong
It took too long

So just don't come back
Here anymore
And I won't believe those lines
That you told me before
Just walk away now
Walk out that door
And don't you come back here anymore, oh no now
Don't come back here anymore
