Now where you think you're goin  
When you're headed for the door  
With your head hangin down starin at the floor  
And even though I can't see em  
I still feel that latent look in your eyes

Oh and you don't have to say it  
Cause I've heard it before  
And anyway I don't think  
I can take it anymore  
But Baby it would break my heart if you said goodbye

So don't say goodbye  
I'm not ready to let you go  
You think we've run outta love  
But I got so much more  
Say anything else that comes to your mind  
But Baby don't you say goodbye

Now you don't feel like talkin  
Like there's nothin else to say  
And anyhow I know you're gonna have it your way  
You got me where you want me  
And I can feel it when you're smilin that crooked little  
smile

Oh and I don't think it's funny  
That you're treatin me this way  
Even though I know it'll get better someday  
Baby it would break my heart if you said goodbye  
So don't say goodbye I'm not ready to let you go  
Think we've run outta love but I got so much more  
Say anything that comes to your mind  
Baby don't you say goodbye  
Baby take a hold of my hand  
I swear I can be a better man  
Darlin you know I lay it right on the line  
So don't say goodbye  
I'm not ready to let you go  
You think we've run outta love  
But I got so much more  
Say anything else that comes to your mind

But Baby don't you say goodbye  
Oh Baby it would break my heart if you said goodbye
