I see you out there  
with your fellow  
I don't know what to do  
'Cause I been actin'  
like I don't care  
but you see right through  
You know I want you  
you can tell by  
the way I look at you  
Hey this guy there  
you know he don't care  
if you were mine, I'd know what to do  
I'd please you  
never leave you  
never once leave you lonely 'n' blue  
Love you  
none above you  
live and die for my love is true  
'Cause I'd do anything to be with you  
I'd do anything to be with you  
You can hurt me

just don't desert me  
my heart's been broken too  
Before you stop me  
let me talk, please  
honey, hear me through  
'Cause you're the only one for me  
I think you know that's true  
And if you don't, take a chance  
I'll take one on you. you. you.  
I'd please you  
never leave you  
never once leave you lonely 'n' blue  
Love you  
none above you  
live and die for my love is true  
'Cause I'd do anything to be with you  
I'd do anything to be with you  
Baby, I'd do anything to be with you
